

To our family and friends at Shwartz Family Dentistry,

With great excitement, we are finally able to announce our upcoming move to a great new home at Coit and Campbell. This move has been somewhat in the works for several years, and not only will we be in a fresh and renovated dental practice, but we will also be adding a few new faces to the Shwartz Family Dental team. We are merging our practice with the dental practice of Dr. Howard Kessner. Dr. Shwartz has had the pleasure of getting to know Dr. Kessner over the last several years, as they belong to the same professional society.

Dr. Kessner has practiced at 7522 Campbell Rd. #120, Dallas, TX 75248 since 1979. While searching for our new location, Dr. Shwartz noticed the space next to Dr. Kessner was available. This, combined with our similar practice philosophies and Dr. Kessner's impending retirement, led us to merge our practices, giving Dr. Kessner's patients a long-term dental home. With the additional space, we at Shwartz Family Dentistry have our long-term home in a newly renovated and enlarged space.

Our team members are excited to welcome several new faces into the office, and a handful of you have already met some of the new team members. Dr. Kessner plans to be in the office through June as he transitions toward his retirement. All of Dr. Kessner's current staff will remain on staff at Shwartz Family Dentistry. During the renovations, we've had Dr. Kessner's staff working in our current office, and we have truly enjoyed our time with Karen, Kim, and Lori. Lori, the dental hygienist, has filled in for us at times over the last few weeks, and patients have already asked to get back on her schedule. Kim, the dental assistant, has been extremely helpful in maintaining the flow of the office and helping wherever is needed. Karen brings another welcoming face with a wealth of knowledge and experience as she joins the front desk team.

We come together, officially, on June 1. Our office will be closed (but still available for emergencies) the first week of June as we move and settle into our new space. We will be fully open on June 12, and we look forward to seeing you at the new location.

In addition to securing a new home, we completed a comprehensive search for an additional dentist to support the needs of our growing practice and are excited to introduce you to our new partner. Though we cannot announce her name yet, our new doctor plans to start on July 1. You can meet her and learn about her background when you come in for your next appointment. We are excited to say that after meeting her, both Dr. Shwartz's wife and Annie said, "I don't care about the rest of the doctors, but you need to hire her."

Our new address is **7522 Campbell Rd. #120, Dallas, TX 75248**. It is just 3.2 miles west of our current office down Campbell. It is at the southwest corner of Coit and Campbell right next to Cindi's Deli. Other notable tenants in the same strip include Campisi's Restaurant, Texas Family Fitness, Salons by JC, and Dr. Shwartz's favorite donut shop (don't tell the other dentists!). We will have an open house soon to show off the new office with another invitation to follow when we set a date. There may even be some BBQ to sample!

Thank you for following us on this journey – we're looking forward to showing off our new space to you.

The Shwartz Family Dentistry Team
